

Cologne, WDR Filmhaus renovation

Data and facts

Company	PORR Spezialtiefbau GmbH
Type	Foundations, Retrofitting foundations, Rehabilitation
Runtime	01.2019 - 12.2020
Principal	Kögel Bau GmbH

[Project report online](#)

www.porr-group.com

Retrospective micropile foundations in the third basement floor.

In addition, the drilling unit had to be lifted by crane into the building through a very small opening. A very limited site facility area and numerous lots being worked at the same time presented an additional challenge.

Good collaboration

Good coordination between the employer, Kögel Bau GmbH, and the other lots on which works were ongoing was of particular importance in avoiding possible impediments and downtime.

Technical data / quantities

Drilling depth	to 13m
Drilling diameter	178mm
Support link diameter	32-50mm

Impressions

Image notes

1

Cologne, WDR Filmhaus renovation

Production under limited space conditions.

2

Cologne, rehabilitation WDR Filmhaus

In some cases, openings were required in the partition walls.
