Individual living by the park

The landscaped inner courtyard will be used primarily by the daycare centre and will later visually connect to the existing green space of the City of Offenbach. The construction site, located in the middle of the southern old town, also has an extremely confined construction area, which required perfect delivery coordination. This meant that most of the material was delivered "just in time".

Construction work in figures

16.248 m ²	gross floor area
50.711 m ³	gross cubic capacity
63	underground parking spaces

Impressions

Image notes

1

CPO Christian-Pleß-Straße, Offenbach

From the ground floor upwards, the exterior walls are predominantly made of state-of-the-art 42.5 mm poroton masonry and were later plastered.

2

CPO Christian-Pleß-Straße, Offenbach

The green inner courtyard is mainly used by the KITA and visually connects to the existing green space of the city of Offenbach.
