# Living in the heart of the UNESCO World Heritage Site

Future residents of Humboldtringgärten will enjoy the immediate proximity to Babelsberg Landscape Park and can stroll along the banks of the Havel River to the city center. Schools, doctors' offices, and shopping facilities are within easy walking distance.

The residential complex offers a total usable area of 11,350 square meters. The one- to four-room apartments range from 20 to 110 square meters in size and each have a balcony or terrace. Ideal for enjoying the view of the city, the Havel landscape, or the green space in the inner courtyard.

## Sustainable and economical construction go hand in hand

As with all QUARTERBACK Immobilien properties, sustainability is a key consideration. The project developer has specified the KfW Efficiency House 55 standard for Humboldtringgärten and is aiming for DGNB certification. Successful collaboration on previous projects in Dresden, Berlin-Lichtenberg, and Norderstedt forms the basis for cost-efficient implementation.
