

Student housing complex Boeselagerstraße in Münster

Data and facts

Company	Oevermann Hochbau GmbH
Type	Residential construction
Runtime	11.2012 - 08.2014
Principal	Studentenwerk Münster AöR

[Project report online](#)

www.porr-group.com

Modern living space for 535 students

Another special challenge was the very short construction time for the first two blocks of flats, as the university was expecting a large number of students in time for the start of the semester in September 2013.

As usual, our experienced Oevermann team accompanied this project with commitment and motivation.

Construction work in figures:

25.100 m ²	gross floor area
-----------------------	------------------

89.256 m ³	enclosed space
-----------------------	----------------

5.400 m ²	masonry
----------------------	---------

20.000 m ²	filigree ceilings
-----------------------	-------------------

Impressions

Image notes

1

Boeselagerstraße student housing complex, Münster
