

About PORR GmbH & Co. KGaA

Company profile

PORR GmbH & Co. KGaA in Germany is part of the listed PORR AG and employs around 2,900 people. As a technology leader with its own teams of experts, it plans and builds sophisticated, individual Customer requirements - safe and economical. With extensive know-how, it implements customised solutions. Its portfolio ranges from general planning to turnkey implementation. PORR is the market leader in Germany in the fields of building materials, building construction, industrial construction, structural engineering, special civil engineering, steel construction, tunnelling, environmental engineering and transport route engineering.

As one of the leading construction companies, it is actively shaping the change towards climate neutrality with its "Green and Lean" strategic orientation: PORR is pushing climate-neutral construction projects, smart technologies and partnership models for holistic cooperation. The use of modern methods and technologies, such as Building Information Modelling (BIM) and LEAN management, ensures the economic and safe realisation of construction projects.
